me: yo
Adrian: hey
me: not sure if you're inclined to add anything to your Thomas Ryan narrative, but we found out that his friend, a former Anon, had vandalized our wiki page on Provide Security on the 5th after Ryan directed him to it
me: http://www.youtube.com/watch?v=Pp7OxU3wbOQ
me: the guy is the same one that Topiary accused of paying them to hack PBS
me: and who afterwards got upset at all of Anon and who now associates with the Backtrace/Jester crowd over at 2600
Adrian: right, ShadowDXS?
me: yep
me: and apparently they're floating the plan of claiming that Anonymous and myself are plotting to kill Ryan
me: which I thought was a bit much
Adrian: ha, I saw taht
Adrian: do you think Ryan actually has a relationship with the feds
Adrian: I pretty much believed him when he said he wasn't an informant for them
me: there are relationships and then there are relationships, so yes, but doesn't mean much
me: but I really don't know much about him
me: other than that he's in communication with the 2600 crowd, which makes sense
me: also, this: http://pastebin.com/UNUttBxW
